Wireframe for Mobile Devices

The wireframe consists of three mobile app screens: Checkout, Checkout Success, and Register. Each screen has a top navigation bar with icons for menu, search, user profile, and shopping cart. The Checkout screen includes sections for Order Summary, Delivery Details, and Payment. The Checkout Success screen shows a Thank You message and a Home button. The Register screen includes fields for Email Address, Username, and Password, along with Log In Page and Sign Up buttons. Annotations with arrows point to specific elements on each screen.

Checkout Screen:

- Order Summary showing products and total.
- Input fields for delivery details and customer name.
- Card payment input field.
- Navigation buttons to return to bag or to confirm checkout.

Checkout Success Screen:

- Order summary of successful transaction.
- Button to return user to Home page.
- Input fields for users to fill in order to register.
- Buttons to either sign up or to take user to log in page if already have an account.

Register Screen:

- Sign Up
- Email Address
- Text input
- Username
- Text input
- Password
- Text input
- Log In Page
- Sign Up
